New Health & Well-Being Centre for all in Balonne

An exciting new Health and Well-being Centre that will be open to all community members is coming to St George thanks to an initiative by Goondir Health with a Community Open Day planned for 11 April 2024.

The development of the Centre involved a \$3.5 million make-over of the old RSL building on Alfred Street thanks to funding from the Federal Government.

The Centre will include a range of health facilities such as a Gym, Boxing amenities, a Barber, Hairdresser, an Arts Workshop and Artefacts facility, a Café, Children's area, an Allied Healthcare Clinic, a Function Centre & Conference rooms.

The focus of these facilities is to provide an all-encompassing model of care, which sets out to not only improve the physical wellbeing of the individual, but also the social and emotional, spiritual, cultural, family and community wellbeing.

Goondir Health Services' Chief Executive Officer Floyd Leedie outlined his vision for the St George Health and Well-Being Centre as a holistic model of health care involving services, programs and activities that address the preventative health measures and the social determinants of health that can be accessed by the whole community.

"We really need to be innovative when it comes to community health and well-being by fostering strategies that create critical changes such as intergenerational change in our communities", said Mr Leedie.

"We feel that this initiative will strike the right balance of focussing on supporting the kind of intervention and prevention

measures that helps people on their journey towards achieving these outcomes.

"The services in this facility will support employment pathways through social enterprise opportunities, training, emotional well-being through counselling and the arts and physical well-being through a range of sporting and exercise facilities.

"We are unaware of any such facility that addresses the health and social determinants of health to this size, scope and nature for an individual wanting to improve their lot in life and we can't wait to see the benefits flow through the whole community."

Southern Queensland Rural Health is just one of a number of organisations that partnered with the Centre to provide healthy lifestyle programs that promote health and well-being.

Southern Queensland Rural Health Director, Associate Professor Geoff Argus said he was delighted that his organisation could participate in this initiative.

"At present, in our allied health education hub we have Occupational Therapy and Exercise Physiology students completing placements to facilitate healthy lifestyle support to the local community and other students will be commencing throughout the year", Associate Professor Argus said.

A CSIRO-led research project will also be assessing this initiative to establish how successful it is to the community through the 35+ services, programs and activities delivered by Goondir and its 14 local service partners.

For more information on the Community Open Day, residents are urged to follow announcements on the Goondir Health Services Facebook page.

Balonne Shire Council Elections – A Full Postal Vote

On 16 March 2024, residents in Queensland will go to the polls to vote for their new Local Government representatives, but for Balonne Shire residents, there will be no voting booths as it is a 100% postal voting system.

Nominations for candidates to be on the Balonne Shire Council closed on 13 February with a total of 9 nominations for the position of Councillor, and the forthcoming election will determine the 6 that will make up the 2024-2028 Balonne Shire Councillors.

The Electoral Commission of Queensland received just one nomination for the position of Mayor, which was the current sitting Mayor Samantha O'Toole who will therefore be returned unopposed.

On 14 February, the ECQ's Balonne Shire Returning Officer held a draw for placement on the Ballot Paper and from that draw, the order of the nominees for Council are:

- Andrew Dries
- Adam Osborne
- Robyn Fuhrmeister
- Jason Southern
- Bill Winks
- Scott Scriven
- Michaela Christensen
- Greg Kent
- Jim Nott

The ECQ will be sending ballot papers to all registered voters in the Shire and it is important to follow the instructions that come with the ballot paper.

The Ballot Papers will need to be completed by 6pm Saturday 16 March 2024 and received by ECQ Tuesday 26 March.

For more information on the upcoming Local Government election, go to www.ecq.qld.gov.au/elections/election-events/2024-local-government-elections or scan this QR code.

HOW TO COMPLETE A POSTAL VOTE

Once your postal vote arrives in the mail, you will need to complete the following five steps:

1. Open and read the instructions on your ballot paper. Detach the ballot paper from the declaration envelope and then complete your vote. You can do this as soon as you receive it in the mail.
2. Then, fold your ballot paper/s in half, place into the declaration envelope and seal it.
3. Sign the declaration envelope where it says 'You sign here'. Have a witness sign where it says 'Your witness signs here'.
4. Put your sealed and signed declaration envelope into the Reply Paid envelope.
5. Post the Reply Paid envelope as soon as you can.
6. Remember you MUST vote before 6pm on election day.

Votes must be received by the ECQ within 10 days after election day to be included in the count. If a vote is received AFTER the deadline, it can't be included. Any late votes are recorded and stored.

The counting of all votes begins after 6pm on election day.

Flooding Tops Up River Water Supply In Balonne

A recent major rain event that caused flooding throughout the Shire has delivered a silver-lining with Beardmore Dam reaching 100% capacity and spilling for the first time since December 2022.

Given that weather forecasts of months gone by were predicting drier conditions ahead, this increase in water storage has delivered a welcome reprieve to agriculture, gardeners and the community in the Shire.

Now that Council's allocation of river water has exceeded 2,500 megalitres, Council has reverted back to Level 0 Water Restrictions for river water use in St George.

The aim of these Level 0 Water Restrictions is to prolong our remaining allocation of river water for St George.

For more information on Level 0 Water Restrictions, please go to the Council website or scan this QR code:

THE LIBRARY LENS

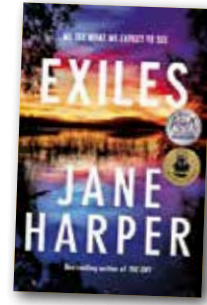

Balonne Shire Libraries are free to join as a part of the Rural Libraries Queensland and services to over 2000 people each month.

FIRST 5 FOREVER

First 5 Forever is a free family literacy program delivered by Balonne Shire Libraries, which provides strong early literacy foundations for all children aged 0-5 years.

The program is a great way to meet other parents and carers, try new fun activities with your children, and foster a love of reading.

Visit the St George Library each Friday from 9:30am to enjoy!

Are You On Channel?

UHF CHANNEL COLLECTION FOR DISASTER MANAGEMENT

The Balonne Local Disaster Management Group is asking all Farming Properties in the Balonne Shire to update and confirm their UHF Channel.

This is to ensure successful and efficient communication in the event of a Disaster, as many areas of the Shire do not have mobile phone coverage.

To update or confirm your Property's details, contact Council on 4620 8888.

For more information, contact Council on 4620 8888.

Community Supports The Expansion Of The St George Cemetery

In December 2023, Council called for community feedback on the proposed expansion of the St George Cemetery.

The four-week consultation involved an online survey, which attracted 37 submissions and two community information sessions that were well attended by around 10 community members.

The consultation received feedback from respondents within the Shire, as well as respondents from outside of the Shire that have a loved one in the St George Cemetery.

There was overwhelming support from the community for the proposed Master Plan that will guide the expansion of the St George Cemetery.

Some elements of the expansion will require funding from State and Federal Governments, however much of the works will potentially be funded from Council's annual budget.

The feedback from this community consultation will be compiled and presented to Council for their deliberation at the next Council meeting.

Pending Council's deliberations, works may commence on the proposed expansion in the weeks following their decision.

Community Consultation Guides The Future Of Rowden Park

On 8 December 2023, Council called for community feedback on Master Plan options to help guide the future of Rowden Park as a central sporting hub in the Balonne Shire.

The five-week consultation involved engagement with the Rowden Park User Group, an online survey, which attracted 199 submissions and three community information sessions that were well attended by around 30 community members to discuss their ideas for the future of Rowden Park.

On 15 February, Councillors gave clear direction to Council to advance Option 3 as the preferred option for the Rowden Park Master Plan.

Option 3 is to essentially leave Rowden Park the way it is with upgrades to the lighting and the addition of a female change rooms.

For more information, please go to the Council website or scan this QR code.

Multicultures of Balonne

We sure do have a lot to be proud of in our Shire, but what brings our overseas residents to Balonne?

Council has created a number of insightful videos that capture and highlight the multicultural origins and rich cultures we experience in our Shire and how they elevate our community.

The stars of the videos are from across the Shire and include Dirranbandi Bakery, Moon Rocks, Riversands Wines, Farmhouse Café and The Australian Hotel.

To view these videos, please scan the QR Code or go to Council's Youtube site.

These videos are proudly joint funded by the Balonne Shire Council and the Queensland Government under its Celebrating Multicultural Queensland Program to highlight our cultures and improve inclusivity.

TOURISM EVENT GRANTS ARE NOW OPEN

Applications Opened 1 March 2024

To apply, contact Council on 4620 8888 or visit Balonne Shire Council website.

NEW EDUCATIONAL FACILITIES DELIVERED FOR BALONNE

St George High School has just installed a range of new sporting and agricultural facilities that are delivering for local students and is attracting interest from across the country.

The purpose-built agricultural facilities include an agriculture classroom, new stockyards, new hay shed, a chicken coop for broiler and layer production, two greenhouses, fencing facilities, a new washdown bay and new internal road.

The objective of these new agricultural facilities is to engage students to apply practical skills in the agricultural industry, as well as providing authentic learning opportunities to improve their industry readiness.

These new agricultural facilities are

not only benefitting St George students, they are drawing the attention of schools from across the State and country with the offer of students camps via an Agriculture, Water & Environment (AWE) initiative.

The AWE camps initiative is a partnership between Balonne Shire Council and St George State high school, which links industry partners with school students to help them better understand industry needs and opportunities. The program involves a week long agricultural career Immersion camp, where students engage in property visits and workshops lead by industry experts.

This AWE initiative provides direct benefits to local students and is currently receiving interest from schools across

Queensland, New South Wales and Victoria, which will bring obvious benefits to our Shire. Principal Thomas J. McKenna says, "The agricultural industry has expressed a desire for students to come into the workforce more industry ready. These facilities with the AWE initiative are a step in that direction".

In addition to this, the St George State High School also finished construction of a new Multi-purpose Hall to improve sporting facilities and opportunities for its students.

This new multi-purpose hall includes a new indoor basketball court, netball court, volleyball court and badminton facility, along with a large stage, which can also be used for undercover school assemblies and concerts.

If It's Flooded, Forget It – Or Buy A New Ute!

Receding flood waters at the Gunnindaddy Road crossing of the Moonie River have exposed a very real lesson in why driving through flood waters is not a good idea as the Landcruiser Ute that was washed off the causeway on 6 February is now being exposed.

This is an unfortunate reminder of how important it is to stay out of flood waters.

After the occupant's vehicle was swept off the causeway, they presented at the Mungindi Hospital with injuries and are literally lucky to be alive after this unfortunate incident.

No matter what car you drive or how experienced you are, once you enter floodwater you can lose control in no time.

Please take care during floods and don't drive in the flood waters.

2024 BALONNE AUSTRALIA DAY AWARDS

Following a record 32 nominations, Council announced the recipients of the Balonne Australia Day Awards on Australia Day with an event that brought the Shire together.

The Balonne Australia Day Awards showcased and recognises our local citizens and groups who have made outstanding contributions to their community.

The nominations were spread across a broad range of different backgrounds and categories in sports, the arts and community advocacy, but the one thing they all had in common is their unparalleled ability to make a difference to our community as strong leaders.

This year's Australia Day event included a Community Breakfast, Acknowledgement of Country, Award Ceremony, Citizenship Ceremony and concluded with a Morning Tea.

Congratulations to the very deserving record 32 nominees and winners of the

Balonne Australia Day Awards for 2024, who were recognised for their talents, leadership, and community advocacy. This year's Australia Day event included a Community Breakfast, Acknowledgement of Country, Award Ceremony, Citizenship Ceremony and concluded with a Morning Tea.

- Citizen of the Year Award – *Mark Bartlem*
- Young Citizen of the Year Award – *Phoebe Olive*
- Volunteer of the Year Award – *Jacque Hemming*
- Cultural Award – *Nia Hadenfeldt*
- Senior Sports Award – *Tom Perkins*
- Junior Sports Award – *Rhyder Hooper*
- Sports Administrator Award – *Justin Schultz*
- Community Event of the Year Award – *Thallon Pub Choir*
- Community Group of the Year Award – *Hebel Rodeo Association Inc.*

ENVIRO-COLUMN Velvety Tree Pear – Opuntia Tomentosa

Velvety Tree Pear is a drought tolerant shrub that rapidly spreads and invades natural areas. It's a category 3 restricted invasive plant under the Biosecurity Act 2014 and must not be given away, sold, or released into the environment.

This tree like plant reproduces by seeds, fragments, fallen flowers and immature fruit, as well as attaching to animals, footwear, vehicles, and machinery.

To minimise the biosecurity risks posed by the velvety tree pear the best control incorporates integrated management strategies, including herbicides, mechanical, physical, and biological control methods.
