

A QUIET STREET IS A HAPPY STREET

WHO LET THE WOOFERS OUT?

Dear Neighbour

You may not be aware that your dog is currently causing a noise nuisance in the neighbourhood by barking excessively.

Council suggests that I contact you as a first step to express my concern and allow you the opportunity to address the matter.

I understand that a barking dog can also be a nuisance to the owner and can sometimes be a challenge to address.

Did you know that Council has information available to manage excessive barking, as well as Barking Collars available for loan?

To find out more information on barking dogs, loaning a barking collar, scan the QR Code, go to www.balonne.qld.gov.au/animals or you can call Council for help on 4620 8888.

Kind Regards

Your Neighbour
